

Fairmount

Our Fairmount model is a stylish and stately design that your family and friends will adore. This fine home features 4 bedrooms, 2½ baths, den, and tech center and varies in living space from 3,100 to 3,422 square feet.

The main living area is delightfully open with 10' ceilings, clear sight lines, and an airy ambiance. You'll love the cozy charm of the clean burning gas fireplace in the spacious great room.

The professional kitchen features an island, walk-in pantry, and plenty of cabinets. The adjacent breakfast room features a full wall of windows which will surely brighten your day.

Entertaining in this home has endless possibilities. Whether choosing to have informal get-togethers with family and friends in the main areas of the home or formal gatherings in the elegant dining room, your guests will surely enjoy themselves.

The first floor features a Den/Office which is perfect for telecommuters and small business owners. It also has a separate mud room and utility room, giving you plenty of space to organize your family belongings.

Upstairs, the oversized master suite is a true "owners retreat". You'll love the glamour tub, 5' shower, dual vanities and spacious walk-in closet.

There is an open Tech room/center where you can store all of your latest technology and the kids can do their homework.

Additionally, two of the three other bedrooms upstairs connect with a Jack-N-Jill bathroom (optional).

Optional 3 car side entry garage is shown. Like all 20th Century designs, this home is customizable to meet your specific needs.
