

The Summerfield

Our Summerfield model offers the convenience of one floor living coupled with the flexibility and value of a two story home.

This design features 5 bedrooms, 2½ baths and 2,937 square feet of living space.

The large kitchen with center island work center is perfect for the chef in the family. The breakfast space is a great place to enjoy a cup of morning coffee.

You'll love the cozy charm of the clean burning gas fire-place in the large great room.

Formal entertaining is a breeze in the elegant dining room.

The front den is perfectly suited as a home office or music room.

The downstairs master suite features a private bath and walk in closet.

Like all 20th Century designs, this home is customizable to meet your specific needs.
